

Comments on the Draft LCGCC Report submitted by Division of Air Quality (DENR) – March 22, 2010

Section: Recommendations For Future Considerations

Subsection: Greenhouse Gas Reduction Plan and Emissions Registry

1. Recommend changing title of subsection to: **“Greenhouse Gas Reduction Plan and Emissions Tracking”**
2. Change Item 24 to read: **Adopt a resolution supporting federal legislation related to a national cap on greenhouse gas emissions and comprehensive legislation on climate change and energy.**
3. Add to Item 25: **...including emission reductions from renewable energy generation, energy efficiency programs, and other low carbon energy and transportation related measures.**
4. Add a new Item: **Encourage and promote voluntary actions from corporations, individuals, government operations, and municipalities to reduce carbon emissions.**

Subsection: Adaptation, item 1 k – typographical error, change word quantity to **quality**.

In appendix table on page 87 – CC-1 Implementation Status: change to “DENR is coordinating a **Carbon Mitigation** Working Group.”
